

## » Wells Fargo Payment Manager®

A custom Yardi Add-on by FitechGelb

### Simplify. Integrate.

The Payment Manager Module creates a file that will be delivered to the bank so that they generate payments via check, EFT or credit card. The module supports check, EFT and credit card payment types for vendors, tenants and owners.

### Streamline your payments.

Wells Fargo Payment Manager transmits a file from Yardi Voyager for physical payments to be made and sent or transmitted out by the bank as checks, ACH or credit card payments to vendors.

### Work more efficiently.

Streamline your payment system with Wells Fargo Payment Manager®. Diverted payments can be sent to your office rather than the vendor for special circumstances.

Innovative.  
Effective.  
World-class.

We take you beyond  
the buildings and into  
the cloud.

Our Real Estate Consulting services provide you the valuable insights and data that guide your business decisions to a winning strategy. Find out how we can help you achieve your vision for your Real Estate business.
